The Big Birch Lake Association  
Newsletter is an official  
publication of the Big Birch Lake  
Association, Inc. PO Box 342,  
Grey Eagle, MN 563336

Craig Tweedale, President  
Robert Kutter,  
Secretary/newsletter editor

### Mission Statement

**The purpose of the Big Birch  
Lake Association shall be to  
improve and protect water  
quality, to advance the  
propagation and habitat of fish  
and to protect the welfare of all  
wildlife in Big Birch Lake and  
adjacent areas.**

## President's Letter

On behalf of the Big Birch Lake Association (BBLA) Board Members, we wish everyone a happy and healthy new year. We are very thankful we have such great members and volunteers. Without you, our lake wouldn't be as healthy as it is.

Channel/Birch Creek Outlet: For those who may not know, we have our beaver friends damming up the channel /Birch Creek Outlet between Little Birch Lake (LBL) and Big Birch Lake (BBL). As some of you may have seen, they were building their dam on the spillway that is right under the bridge.

With help from volunteers from both BBL and LBL, we managed to keep this cleaned out to the best of our ability. We also (as we have for generations), hired a trapper to help us with this problem.

Why is it important to keep this channel /Birch Creek Outlet clear? High rains and spring thaw: Without proper flow, the BBL will rise and cause high water and flooding along some shorelines causing damage and erosion which would add nutrients for aquatic vegetation growth.

Since we are on this subject, for over a year now, we are looking for some younger volunteers to help us maintain this area. The current volunteers and their families have been doing this for generations, but we are all over 70 now, and we don't have any children or grandchildren that can help us with this task. This is a great volunteer opportunity to get our younger generation involved.

It is very flexible as far as time is concerned. It just takes 1 or 2 volunteers. All one needs to do is watch or get a call that the channel/outlet is getting plugged up. Then one goes and pulls the debris from the area. This happens spring through fall.

Our current volunteers have tools and techniques they have learned over the years that they would love to pass on. Who knows, the new volunteers may even come up with a better method. So if you know anyone that is interested and wants to give it a try, please have them contact me. It would be appreciated.

Our Membership Drive is in full swing. As I previously mentioned, without your membership, we couldn't keep our lake as healthy as it is. Our dues will remain the same at \$50.00. We know many of you donate more than that. For that, we are very grateful.

By this time you should have received your membership packet in the mail. Dues and donations can be done by mail or on our website. Also watch our Facebook page for information. I would also like to encourage any of our members who have new neighbors who may not know about the BBLA, to reach out to them and invite them to the BBLA meeting in August, and also have them friend us on Facebook and check out our website at [bigbirchlakeassociation.org](http://bigbirchlakeassociation.org) where they have access to all our newsletters, etc.

Both Deb Johnson and I will again be attending the Todd County (Aquatic Invasive Species) AIS meeting this January. This will be an important meeting as they will be discussing AIS protection to lakes in Minnesota. You may be aware, the state budget program for AIS in the form of education, decontamination and inspections at the DNR landings will be cut from 8.4 million to 4.2 million. It's a very good possibility that to offset this tremendous impact in 2027, Todd County may preemptively cut their budget in half in 2026 to ease the full impact in 2027, so pacing this over two years.

**President's Letter** continues on page 2

**President's Letter** *continued from page 1*

This being said, lake associations, if they choose to, will have to fund some of the AIS inspections for those two years and future years. There is a lot to discuss and big discussions will take place by the BBLA board of Directors, as this will be a substantial cost to the association. We will have to see if these costs are sustainable over the long term.

Since we are on the topic of AIS, as many of you know, Deb Johnson will be ending her term as Director and AIS Chair in July. We are still looking for someone to chair or co-chair. Deb would like to make this an easy transition so please notify Deb or myself if you are interested in learning about this position.

For those of you who winter on the lake, stay warm. It looks like a perfect winter for all winter sports. To all you snow birds, safe travels and we shall see you in the spring.

## Obituary of lake resident

James "Jim" Loehr, 76, of Grey Eagle died unexpectedly on Sunday, October 19, 2025 at St. Cloud Hospital in St. Cloud, Minnesota.

Jim was born in Melrose to Sophia (Schanhaar) and August Loehr. He enjoyed hunting, fishing, and spending time at Big Birch Lake with his friends and family. Jim graduated from Melrose High School in 1967 and went on to play football at NDSU. From 1970 to 1972 he served in the US Army and returned to attend St. Cloud State University where he met the love of his life Renee Johnston.

After college Jim worked in the natural gas pipeline industry eventually becoming a Regional Manager for NPL where he worked until his retirement. He will be remembered by his colleagues for his mentorship and exceptional leadership. He lived his life by the core values of his company and dedicated many years to its success. Through his work with NPL, he and Renee were able to live in some very special places in the US and Canada. Of course, these usually included world class fishing. After all, Jim always had a plan.

When Jim retired, they moved to the home they built on Big Birch Lake. Jim was a great storyteller and did he have some stories to tell. Friends were always welcome to join him as he sat on his favorite log bench outside his garage with tales of his adventures. Jim loved music and always had the radio playing in the background. He taught himself to carve totem poles and used his skills to craft wooden signs. Jim enjoyed golfing, pheasant hunting and spending time at deer camp with his family and friends, but his real passion was fishing. He spent many hours on his boat both on Big Birch and Lake of the Woods. Winter would find him in his fish house with a friend or two, or on his way to Mexico with Renee to fish the Sea of Cortez.

**Loehr obituary** *continues on page 6*

## Kutter's Kolumn

The platt map below is from 1925 and shows ownership of land along the shores of Big Birch Lake that resides in Todd County.

Very few people owned the land adjacent to Big Birch Lake and surprising to me was the number of parcels owned by women.

The north shore land was owned by R.H. Sliter. This is the farm land that my parents eventually purchased in 1957.

The west shore of the upper bay was owned by Albert Young. A piece of that land was donated by Elizabeth, wife of Alexander Young, for Lakeview Cemetery.

Other property on the west shore was owned by A.E. Baird, and Charles Grieb,

which included Sandy Beach. The Cedar Beach land was owned by the Wilke Brothers, who were bankers in Grey Eagle at that time.

Thomas Miller owned the land north across the road from the Rock Tavern.

On the east side of the upper bay, Minnie Lambrecht owned the farm land and the land on which the Rock sits.

Moving south along the east shore, M. O. Meldaus and E. Schultz owned the land nearly to Adley Creek. One Schultz decendent owns lakeshore there today.

# Property ownership 100 years ago

## A public school near lake established in 1910

Heading south, the next parcel was farmland which belonged to the Fuller family. My grandfather, Louis Kutter, purchased the land in 1919 as a retirement home. If you look closely at the map at that point, you will see school 150.

Citizens of Grey Eagle Township petitioned Todd County to establish a school district there in 1910.

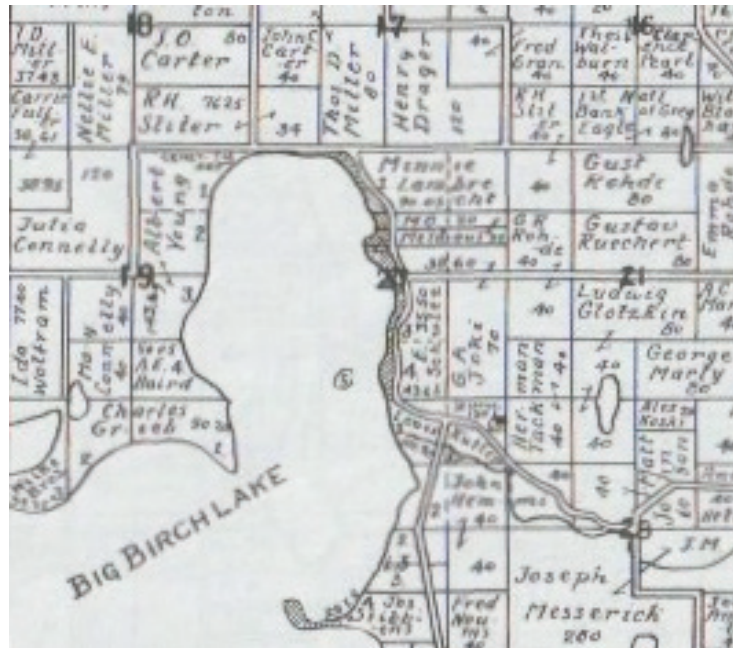

As a kid I remember exploring the building with my cousins. I can still picture the sight of a broken down pump organ. The building is long gone, but the clearing where it stood is still visible on my cousin's land.

My dad attended school there through the 8<sup>th</sup> grade, and that is where his formal education ended.

To my knowledge, District 150 was the only school close to BBL. There was an effort to establish a school on the North Shore. In fact, a log school house was erected but no district was formed and the building was later used as a church.

There were several female teachers who taught at District 150 including my Aunt Hazel Peschel.

One teacher did not return after some young rascals locked her in the basement where she went to tend the wood fire.

The petition was granted and the Common School District No. 150 was established. From the beginning, it consistently showed high enrollment from 30 to 60 pupils each year. Some years it had the highest enrollment of all rural districts in Todd County.

The school was also known as the Finlander School due to the number Finish immigrants who lived along the east side of the lake. John Hemmi, Nils Niska and Mike Meldaus served on the first school board as evidence of the Finnish influence. The school closed in the 1940s and the district was consolidated with the school in Grey Eagle.

Further south along the shore, land was owned by F. E. Turner, John Hemmi and Joseph Stibbens.

The Turners later established Turners' Resort later known as the Nestle Inn Resort. They also built a cabin on what is now known as Hammarsten Island. The cabin burned down in 1927.

From one point in time, it is easy to see how much land ownership around the lake has changed in the past 100 years.

We humans are conscious that change is a constant, and still heaven seems closer in a house beside the water.

## Thanks to the AIS access plant "Checkers"-2025

By Deb Johnson

All the access plant-checking teams deserve a big "Thank You" for all their work this past summer. Big Birch Lake's five accesses were examined 27 times for invasive weeds last season. The good news is that no new invasive species were found!

Unfortunately, the Starry Stonewort threat in Minnesota has become even greater. As you probably know, Starry Stonewort (SSW) is an extremely invasive algae that can take over a whole lake, spreading throughout the lake by killing or outcompeting its native vegetation. Starry Stonewort was discovered in four new MN lakes this summer. The closest one is Two Rivers Lake near Holdingford in Stearns County. In the past decade, SSW has spread from one MN lake to 35 lakes, and it has never been eradicated from any MN lake.

That makes the job of the BBL access plant-checking volunteers and the Todd County boat inspectors even more crucial. Starry Stonewort must be stopped at the access from entering BBL, or if it starts to grow here, it must be discovered early before it spreads further in the lake. Many of the twenty BBL plant-checkers have volunteered for this program for eight years. They all deserve our appreciation and thanks!

## Renew your BBLA membership

You should have received a mailer in December to encourage you to renew your membership to the BBLA for 2026.

Please provide your current email address and mailing address so the membership secretary has an up-to-date record.

The dues remain the same as last year at \$50. Of course, you can give more than that, as many of you do. Since the organization is a non-profit registered with the state of Minnesota, gifts are tax deductible.

You can always go online to the website [bigbirchlakeassociation.org](http://bigbirchlakeassociation.org) to renew your membership.

On the back page of this newsletter is a list of volunteer opportunities. Is there some way you want to give of your time and talent to serve the organization? If so, please contact the BBLA President, Craig Tweedale or any of the directors. The directors names and phone number are listed on the front page of the newsletter.

## BBLA By-laws on membership

### Article II. Membership and Dues

Section 1. Any person or organization that is interested in overall welfare of Big Birch Lake shall be eligible for membership in this Association.

Section 2. The annual dues of this Association shall be proposed by the Board of Directors and approved or revised by the voting membership, and are payable at the beginning of each calendar year. The fiscal year is from July 1 through June 30.

Section 3. All persons, in applying for membership, agree to pay all dues and assessments provided for in the By-Laws of the Association.

### Article III. Meetings

Section 1. A minimum of one (1) meeting shall be held for the general membership during each year.

Section 2. A general membership meeting shall be held on a date between Memorial Day and Labor Day.

Section 3. Special meetings of the Association or of the Board of Directors shall be held at the call of the President or by the majority vote of the Board of Directors.

**Membership By-laws continued on page 7**

**A winter wonderland has blanketed the Big Birch Lake area for much of December and into January. It is easier to appreciate the four seasons when the coldest season reveals its unique beauty. Photo by Mary Lou Tweedale.**

**Ice fishing fans at the end of December came with trucks towing fish houses. The thicker the ice, the bigger the house. Ice was reported at 10 to 14 inches by the end of 2025. Photo by Robert Kutter**

**The beauty of sun rising over Big Birch Lake in December is awesome. The colors reflected on the surface of the ice are surprising from day to day. Photos by Robert Kutter**

**Membership By-laws** *continued from page 6*

A quorum at a general membership meeting shall consist of one-tenth of the total voting membership and is required to conduct Association business at any duly called meeting. Section 5. A quorum at a Board of Directors meeting shall consist of one-third or more of the total number of elected or appointed directors of this Association and is required to

conduct any Association business at a duly called Board of Directors meeting.

**Article IV. Board of Directors and Elections**

Section 1. The Board of Directors shall have full governing power of the Association,

Section 2. Fifteen (15) directors shall be members elected from the general membership.

Section 3. To be elected, payment of dues must be current. Only members who own property adjoining the lake, or their spouses or children, or property that is owned for their benefit (e.g., in Trust) adjoining the lake may be elected. There can be only one (1) Director per membership or parcel that has a residence.

Section 4. Election of Directors shall be at the General Membership Meeting.

## Volunteer activities and volunteer opportunities for the Big Birch Lake Association

If you would like to volunteer for the Big Birch Lake Association, there are many opportunities listed below. Contact the president or one of the directors and tell them what you would like to do. If you want to understand what the association does, also look at the list below. Contact information for board members is listed on page 1.

Maintain and place loon platforms  
Conduct loon survey  
Check accesses for Aquatic Invasive Species  
twice per month (AIS)  
Identify AIS and report  
Train volunteers for AIS  
Collect and test water samples at inlets  
Walleye stocking fundraiser  
Annual golf outing  
Annual ladies' brunch  
Volunteer appreciation dinner  
Prepare and conduct Annual BBLA Meeting  
Spring education day  
(Joint effort with Little Birch association. )  
Clean spillway between Big and Little Birch

Maintain Adley Creek channel between the lakes  
Remove beaver dams/hire trapper  
Update list of volunteers and boats available for emergencies  
on the lake  
Plan for AED options around the lake  
Update and negotiate buffer zones with area farmers  
Ditch and trash cleanup every spring  
Winter lake trash cleanup  
Watershed district meetings  
Board meetings April-September  
Prepare financial reports  
Maintain and update Facebook page  
Maintain and update webpage  
Prepare and mail membership materials  
Answer property owners questions
